Commissioner for Patents

This is in response to your last inquiry on September 28, 2005 to obtain status of this case. As you are aware the petition to revive this case was granted. I have taken over this case from Miss Lamb. I reviewed the status of your case and determined that the response to the amendment that you filed back in October 7, 2003 was not entered in PALM and as a result you did not receive any response from the examiner. I have asked that this amendment be entered soon so it can appear on my docket for response to your October 7, 2003 amendment. I apologize for all the delays in processing your application and will exert additional efforts to provide a response soon and continue examination of the application.
